BRIEF OVERVIEW OF THE COLLEGE:

A) EDUCATIONAL FACILITIES AND COURSES OFFERED

1. UNDERGRADUATE LEVEL

Rashtriya Uchcharat Shiksha Abhiyan (RUSA)

The Choice Based Credit System (CBCS) and semester system have been introduced from the academic session 2013-2014 by the State Government under RUSA. The main feature of the CBCS is to make undergraduate education student centric and prepare them to compete locally, regionally, nationally as well as globally. Within CBCS, students have complete freedom to choose their subjects from a pool of subjects suggested by the UGC. As CBCS strives to create a holistic syllabus, therefore from the session 2016-2017, in addition to dedicated focus on a discipline through core paper, elective papers have been added. Besides, keeping in line with the vision of the Government, special emphasis has been given to Ability Enhancement Compulsory Courses and Skill Enhancement Courses.

Keeping this objective in mind the college started a bachelor degree course in **Business Administration** from the session 2019-20 and from this current session i.e. 2021-22 a three-year duration undergraduate B. Voc. course is offered to the students in 'Hospitality and Tourism' & 'Retail Management'.

B Voc courses are introduced by UGC as skill development programs that include training, internships and hands-on experience in a particular field. This program is specially curated for the benefit of the students who wish to enrich their skills and expertise towards a decent salaried job. The B Voc course is suitable for candidates who want to go for a job immediately after completing their studies as under NSQF, National Skills Qualifications Framework, the course is divided into different levels each level corresponds to a specific job role.

The course is different from traditional academic programmes as it provides the student with the option of multiple exit points during the programme and continued industry exposure. This means that if a candidate is unable to complete his/ her B.Voc course, she/he

is still awarded a diploma after successful completion of first year or advanced diploma after successful completion of second year and a degree after third year. Apart from this, work experience gained by the candidate during the course increases their chances of getting a job.
